Arlean,

Sorry for the delay in getting back to you. I am very pleased to report that the final rule for the heavy aromatics petitions has been sent to OGC--I hope to get comments back by the end of the week.

Arlean,

I will contact you tomorrow regarding the petitions, as far as meeting, it looks like the 26th may work best for us--do you have a preference (am or pm) for a time?

Kerry:

So - have the heavy aromatic petitions been submitted to OGC? Could you please update me on the status of these petitions? Thanks.

Also, I would like to meet with you and PV April 13th or April 26/27? Will you be available to meet on either of those times - if not, pls

provide some options. My travel to DC is flexible at this time.

Arlean,

I have been working on these petitions along with a number of my other responsibilities. The draft tolerance exemption documents are expected to go to our Office of General Counsel by early next week. I will update you further next week.

Subject: Status of Heavy Aromatics Petitions

As we discussed on Feb 1st, you indicated that the petitions would likely be published in 1-2 months. I am just checking on the status of ExxonMobil's 3 Heavy Aromatics Petitions. Any updates? Has your legal review been conducted?
